Base Rate: \$85.00/M

Phone Rate: +\$10/M

Description Summary

Our LGBTQ+ Seniors database is a valuable marketing resource for any brand looking to identify and target LGBTQ consumers for its products or services. These individuals on our list are age 55 plus and proudly identify as Lesbian, Gay, Bisexual, Transgender, or other. You can segment our list by various demographics, including age, income, religious and ethnic surname, home ownership, mail order responsiveness, and census data. We guarantee this data to be at least 95% deliverable.

How Our Data Is Compiled

The names on this list are compiled from a diverse array of public, private, and proprietary sources, including websites that provide LGBTQ+ content, purchase history, subscriptions, clubs, non-profits, and online engagement. These individuals are subscribers to LGBTQ+ magazines, enthusiastic members, and advocates of LGBTQ+ organizations and are known to visit LGBTQ+ travel destinations frequently. We take tremendous pride in maintaining the highest quality contact info and address deliverability, which is why we update the file monthly to ensure an unmatched level of accuracy. The database is processed against the USPS National Change of Address (NCOA) system, Zip+4 coding, and CASS certification.

Consider The Facts

- These households skew more diverse: Close to a third (32.5%) of same-sex couple households were couples of different races, versus 18.4% of married opposite-sex couple households
- Many LGBTQ seniors may have spent a significant portion of their lives concealing their sexual orientation or gender identity due to societal stigma and discrimination. This can lead to unique challenges as they age, such as a fear of discrimination in healthcare or senior living facilities.

Recommended Usage

This mailing list is recommended for event organizers, healthcare providers, LGBTQ+ friendly businesses, support groups, and political campaigners.
